### SHOWMEN SAY THIS WILL BE THE GREATEST SEASON

CHICAGO, Feb. 23.—Two thousand showmen, representing every branch of outdoor amusement known, are here today in annual convention, predicting that the coming summer will be the biggest season for one, two and three ringed circuses, county fairs, street fairs, chautauquas and things like that, that they have known for years and years.

They say prosperity among farmers cities will make the business what it crops; and war prosperity in the large cities will make the business what it hasn't been for a long time.

### MORE TERRITORY FREED FROM TICK QUARANTINE

Washington, D. C., Feb. 19.—The Federal tick quarantine will be raised on March 1 from four counties in North

and South Carolina. A total of 3,446 square miles is affected by this order.

The counties to be freed are Duplin and Pender in North Carolina and Clarendon and Orangeburg in South Carolina.

These are the first areas to be released from quarantine in 1917. More than 42 per cent of the territory originally infested with the tick has now been freed from the pest and released from quarantine. Active work is planned for this year in every State in which the tick exists, and very considerable reductions in the quarantined area are expected in the course of a year.

## DRINK MORE WATER IF KIDNEYS BOTHER

Eat less meat and take Salts for Backache or Bladder trouble—Neutralizes acids.

Uric acid in meat excites the kidneys, they become overworked, get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must get them flush off the body's urinous waste or you'll be a real sick person. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach sour, tongue coated and you feel rheumatic twinges when the weather is bad. Eat less meat, drink lots of water, also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity; also to neutralize the acids in urine, as it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot be injured; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

## Get the Habit of Drinking Hot Water Before Breakfast

Says we can't look or feel right with the system full of poisons.

Millions of folks bathe internally now instead of loading their system with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles if you could believe these hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and the thirty feet of intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day, become food for the millions of bacteria which infest the bowels, the quick result is poisons and toxins which are then absorbed into the blood causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments.

People who feel good one day and badly the next, but who simply can not get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so limestone phosphate, liver, hot water act on the stomach, liver, kidneys and bowels. It is vastly more important to bathe on the inside than on the outside, because the skin pores do not absorb impurities into the blood, while the bowel pores do.
